Dear Commission:

Please allow me to express my support of Rhodes Homes coming to Kingman— Golden Valley area. I am encouraged by the incredible growth over the last several years and don't want it to stall in the future. I am pleased to see this opportunity available in our area. I hope you will hear myself as well as many of my neighbors. We want to see this happen. It will be good for growth, good for the area's economy, and good for our community. I know that Mohave County gives a sizeable amount of water to the Mancopa and Las Vegas areas. Let's keep a little for ourselves and let our area, our economy, and our citizens flourish.

Dear Commissioners:

A short letter to express my support of the Rhodes Homes project proposed for the Kingman – Golden Valley area. I have enjoyed watching the incredible growth over the last several years and don't see it abating in the future.

I am thrilled to see such an opportunity like this coming to our area. I hope you will hear myself as well as many of my neighbors. We want to see this happen. It will be good for new growth, good for the area's economy, and good for the community in general. I support Rhodes Homes and the development they are

doing in Golden Valley. Mohave County and the Kingman Golden Valley area in general, will be experiencing lots of growth over the next couple years. With this growth there will be a huge need for affordable nice homes.

The development in Golden Valley would be just that.

Affordable nice homes for the new families and some of us that live here now to move into.

I ask you to approve the CC&N and get Rhodes Homes up and running.

August 15 2006

To Whom It May Concern:

I live in Kingman Arizona in Mohave County. I would like to express my absolute support for Rhodes Homes.

From what I can tell, there are a couple different ways for a community to grow.

The first being wildcat construction that places many water wells into the aquifer.

The second would be those that build homes that look exactly the same no matter which way you look at them.

My preference is a well planned community like Rhodes Homes. They build beautiful homes, parks, schools, community centers, etc... I would love to be able to bring my family up in a community like that.

I urge you to pass the CC&N as soon as possible. I hate to tell you that growth will happen if you pass or don't pass this measure. The question is do we want planned growth or unplanned growth?

The answer looks simple to me. I hope you can see the simple answer as well. Please pass the CC&N so that Rhodes Homes can start their construction. It is important for all of us in the Kingman Golden Valley area.

Sincerely,

Jason Pfaff

[REDACTED]
Kingman, Arizona 86401

My name is Jason Pfaff and I am the owner and operator of the Hotel Brunswick in downtown Kingman Arizona. My wife and I have owned the hotel a little over a year. We moved here from Biloxi Mississippi after hurricane Katrina. We lost our home and jobs. I was the head chef and Harrah's Casino and my wife was also an employee.

We both want to express our support for Rhodes Homes. As fairly new residents of the area, we want to find a home to raise our two children. The master planned community in Golden Valley would be the perfect place. There are no other communities like it in the area.

The Kingman Golden Valley area would greatly benefit from such a development. Better schools, better infrastructure, and the benefit of more commercial development are all reasons to support Rhodes Homes. It is time for this community to benefit from the growth that will happen no matter who builds the homes. I urge you as my elected officials to hear my request and support my views. I ask you to approve all issues dealing with Rhodes Homes as soon as possible

Dear Commissioners:

There is a proposal that will be in front of you at the end of the month concerning Rhodes Homes. I want to extend my support to Rhodes Homes and the development they are doing in Golden Valley. I have lived in the area for quite a while and a planned development like this is a must for those of us that want to stay in this area.

This development will only bring Mohave County a community that it deserves. We need and want this smart growth plan. The growth will happen anyway, why not let it be planned and done in a beautiful way.

As a voter, I urge you to support Rhodes Homes.

Gentlemen:

I am writing to all of you to encourage you to support the Rhodes Homes planned community that is to be built in the Golden Valley of Mohave County.

It is time for this planned community to begin. Those of us who live here have waited for just this kind of thing for a long time. We need the jobs and we need the kind of homes Rhodes provides.

When you hear this issue in the near future keep in mind that the greater Kingman area supports this plan and we want you to give the CC&N approval as soon as possible.

Thank you,

Docket SW 20379A-05-0489/ W 20380A-05-0490

To Whom It May Concern:

I would like to make public my support for Rhodes Homes in Arizona.

I live in the Kingman Golden Valley area and want this growth to happen. Let's not stand back and watch everyone else benefit from growth.

From what I read the growth will happen anyway. Why not let us have a nice community for that growth.

I ask you to support the Master Planned Community planned by Rhodes Homes.

Sincerley,

The Arizona Corporation Commission
Attention: Corporation Commissioners
1200 West Washington Street
Phoenix, Arizona 85007

Dear Commissioners:

After reading several articles in the Kingman Daily Miner about the proposed planned community by Rhodes Homes, I certainly am anxious for it to get all the city, county and state approvals needed to begin. Rhodes has exhibited excellent community commitments since the beginning of this project. Not only are the homes beautiful, but also they build a quality product that is affordable by community standards. We've had developers show up in Mohave before who just rushed in, built some cheap and tacky houses and left. That is not the case with Rhodes Homes. They have a reputation to uphold here and we've seen their developments in other cities. What they have planned is just right for the Kingman area.

I read that hearings were to be held on SW-20379A-05-0489 and W-20380A-05-0490 later this month. I don't know what the numbers define, but I do know that all the issues that have come up that might be a problem, has been handled by Rhodes. I hope you will all approve them so we can reap the benefits of the jobs provided by the construction and those of us who live here can be ready to enjoy this new addition to our area.
